Engineer.	
APPROVAL OF STATE ENGINEER	
This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations an	
conditions:	
This permit is issued subject to all existing rights on source and is limited to what the well will produce but not to exce	the ed
2.0 c.f.s. It is understood that this right must allow for a reasonwering of the static water level at permittees well due to other	nable ground
water development in the area. A substantial weir or other type of measuring device must be installed and measurements of water use keeping the standard of th	pt,
and a method provided, either air line or opening, for measuring deto water. The State retains the right to regulate the use of the herein granted at any and all times.	
The amount of water to be appropriated shall be limited to the amount	
which can be applied to beneficial use, and not to exceed 2.0	
	and
irrigated. Actual construction work shall begin on or before August 7, 1957	
Proof of commencement of work shall be filed before September 7, 19	7
Work must be prosecuted with reasonable diligence and be completed on	or
before August 7, 1958	
Proof of completion of work shall be filed before September 7, 1958	
Application of water to beneficial use shall be made on or before	<u></u>
August 7, 1962 . Proof of the application of water to benefic	ial
use must be filed with State Engineer on or before September 7, 196	2
MAD FILED OCT 8 1958 BECAUSE OF FAILURE	day
